

Want to work in Antwerp for the world's largest, independent publicly listed crude tanker operator? Join Euronav and become our new Technical Superintendent Offshore!

What will be your responsibilities?

You will be part of our Euronav offshore team based in Antwerp and will get opportunities to develop your career in a competitive multinational environment.

You will be responsible for the coordination of maintenance and repair of the largest vessels in the world.

Are you who we are looking for?

Formal education: a Master's degree in Mechanical or Electrical Engineering

Other qualifications:

- A problem solver with good technical skills;
- Able to work in a team;
- Willing to work abroad (sometimes on short notice) with different nationalities;
- Good international communication skills;
- Open to receive and give advice from and to colleagues and superiors;
- Able to work under pressure.

Languages: proficient in Dutch and English (both spoken and written) as a requirement; additional languages are considered an asset.

What's in it for you?

- ✓ Attractive compensation in line with experience
- ✓ Group medical plan (DKV) & life insurance plan
- ✓ Training and development opportunities
- ✓ Varied work in an agreeable environment
